**Clarity Water Treatment Systems Establishes US Subsidiary,
Expands Availability of Clarity Units**

Norway – Clarity Water Treatment Systems is pleased to announce that it has established a US subsidiary, Clarity WTS US, LLC, to better serve koi enthusiasts in the United States.

Clarity WTS US will be based in St. Paul, Minnesota, and will manage an expanded network of authorized Clarity dealers throughout the United States.

“We are excited to establish our US subsidiary and to work with our new dealer partners,” says Tormod Venvik, Managing Director of Clarity Water Treatment Systems. “Now, koi enthusiasts throughout the United States will have significantly expanded options to learn about and purchase Clarity units through local dealers in their areas.”

“By having a physical presence in the United States, Clarity will be better able to meet the needs of its dealers and end customers,” adds Marius Hansen, Managing Director, Clarity WTS US. Authorized Clarity dealers are listed at www.clarity-wts.com/koi. Inquiries regarding becoming an authorized dealer can be directed to mh@clarity-wts.com.

Clarity Water Treatment Systems is based in Norway and serves koi enthusiasts, and other customers, worldwide. Hundreds of Clarity units can be found around the world in koi

ponds, fish farms, golf ponds, aquariums, public water utilities, and the natural environment.

Founded in 2005, Clarity WTS is known for the reliability and uniqueness of its products and is proud of the high level of satisfaction its customers report. For koi ponds, Clarity WTS produces the CL-3 and CL-10, the only efficient protein skimmers for fresh water.
